OpenTable Integrates with Apple Pay to Enable Convenient Mobile Payments for Restaurant Goers

Integration with Apple Pay makes OpenTable payment experience even more intuitive and seamless

SAN FRANCISCO, Sept 9, 2014 /PRNewswire/ -- [OpenTable](#), the world's leading provider of online restaurant reservations and part of The Priceline Group (NASDAQ: PCLN), today announced that it has integrated its "Pay with OpenTable" feature with Apple Pay and will introduce it to diners this fall.

Apple Pay transforms mobile payments for an easy, secure, and private way to make purchases. By integrating Apple designed hardware, software and services, Apple Pay creates a unique and incredibly intuitive experience for iPhone 6 and iPhone 6 Plus.

"We're thrilled to work with Apple closely to make our payment experience even more intuitive and seamless," said Matt Roberts, Chief Executive Officer of OpenTable. "With Apple Pay, OpenTable app users can skip adding a card to their profile and simply settle their check with a single touch using iPhone 6 or iPhone 6 Plus, saving diners even more of their precious time."

To find out more about OpenTable mobile payments and view the current list of participating restaurants visit <http://pay.opentable.com/>. Restaurants who are interested in providing their guests with the experience of paying with OpenTable can learn more at <http://pay.opentable.com/restaurants>.

About OpenTable

[OpenTable](#), part of The Priceline Group (NASDAQ: PCLN), is the world's leading provider of online restaurant reservations, seating more than 15 million diners per month via online bookings across approximately 32,000 restaurants. The OpenTable network connects restaurants and diners, helping diners discover and book the perfect table and helping restaurants deliver personalized hospitality to keep guests coming back. The OpenTable service enables diners to see which restaurants have available tables, select a restaurant based on verified diner reviews, menus, and other helpful information, and easily book a reservation. In addition to the company's website and mobile apps, OpenTable powers online reservations for nearly 600 partners, including many of the Internet's most popular global and local brands. For restaurants, the OpenTable hospitality solutions enable them to manage their reservation book, streamline their operations, and enhance their service levels. Since its inception in 1998, OpenTable has seated more than 665 million diners around the world. The Company is headquartered in San Francisco, California, and the OpenTable service is available throughout the United States, as well as in Canada, Germany, Japan, Mexico, and the UK.
