OpenTable International Business Surpasses 40 Million Seated Diners

World's leading provider of reservations and hospitality solutions for restaurants uniquely positioned to be the global dining passport for consumers around the world

SAN FRANCISCO, May 6, 2014 /PRNewswire/ -- [OpenTable](http://www.opentable.com) (NASDAQ: OPEN), the world's leading provider of online restaurant reservations, today announced that since inception it has seated more than 40 million diners in its international business, which includes the UK, Germany and Japan. The Company also announced that nearly 3 million restaurant reviews have been contributed by diners in its international business.

"As part of our evolution to a dining experiences company - and with our rebrand of toptable to OpenTable in the UK - we have a tremendous opportunity to be the global dining passport for consumers around the world," said Matt Roberts, Chief Executive Officer of OpenTable. "Building off our strong foundation in the UK and Germany, we're well positioned for significant growth in Europe."

By offering the best availability at the best restaurants, OpenTable provides real-time availability at more than 31,000 restaurants around the globe and seats more than 15 million diners per month. OpenTable is also the world's largest source of verified restaurant reviews with more than 25 million contributed.

OpenTable is relentlessly focused on powering great dining experiences. OpenTable hospitality solutions help restaurants provide extraordinary dining experiences for their guests, and the Company prides itself in being the technology solution of choice for critically acclaimed restaurants around the globe.

About OpenTable, Inc.

OpenTable is the world's leading provider of online restaurant reservations, seating over 15 million diners per month via online bookings across more than 31,000 restaurants. The OpenTable network connects restaurants and diners, helping diners discover and book the perfect table and helping restaurants deliver personalized hospitality to keep guests coming back. The OpenTable service enables diners to see which restaurants have available tables, select a restaurant based on verified diner reviews, menus and other helpful information, and easily book a reservation. In addition to the Company's website and mobile apps, OpenTable powers online reservations for nearly 600 partners, including many of the Internet's most popular global and local brands. For restaurants, the OpenTable hospitality solutions enable them to manage their reservation book, streamline their operations and enhance their service levels. Since its inception in 1998, OpenTable has seated over 620 million diners around the world. The Company is headquartered in San Francisco, California, and the OpenTable service is available throughout the United States, as well as Canada, Germany, Japan, Mexico and the UK.
