Oregon restaurants claim five spots on the list, and Massachusetts and North Carolina have each earned four spots apiece. Missouri, New Jersey and Pennsylvania all boast three winners. Alaska, Connecticut, Florida, Georgia, Hawaii, Maine, Michigan, Ohio, Rhode Island, South Carolina, Texas, Virginia, and Wisconsin each have two winning restaurants. Arizona, Colorado, Minnesota, New Mexico, and Utah are also represented. Eateries specializing in American fare, including Californian and Pacific Northwest regional, proved particularly popular, as did seafood restaurants.

"A table at any of these winning restaurants is sure to be the crown jewel of your travel and dining experiences," says Caroline Potter, OpenTable Chief Dining Officer. "In a single sitting, you can take in the very best vistas of each city while feasting on fresh, local ingredients and specialties to help you capture the true essence of the region."

The Diners' Choice Awards for the Top 100 Scenic View Restaurants are generated from more than 5 million reviews collected from verified OpenTable diners between July 1, 2012, and June 30, 2013. All restaurants with a minimum "overall" score and number of qualifying reviews were included for consideration. Qualifying restaurants were then scored and sorted according to the percentage of qualifying reviews for which "scenic view" was selected as a special feature.

Based on this methodology, the following restaurants, listed in alphabetical order, comprise the Top 100 Scenic View Restaurants in the U.S. according to OpenTable diners. The complete list may also be viewed at <http://www.opentable.com/scenic>.
